RECEIVING COMMUNION AT HOME

We have a curious problem developing that involves people with the best of motivation and desire. Too often we are asked to give a person communion so they may take communion to someone who is at home who has the flu. I do not question the motivation, but this is not the practice of the church. We should receive communion at home only if we are shut in for a significant period of time or have a grave illness.

YARD CLEANUP: Thanks to all those who helped out last weekend!

PANHANDLERS

Of late there has been a problem with panhandlers at the church. We believe that it is only one individual. Please do not give him any money as it encourages the behaviour. He has the same opportunity as anyone else in the community to use the services provided by the church and the city. If he is persistent, please let us know in the office.
